Fiscal Analysis

Officials from the **Department of Insurance, Financial Institutions and Professional Registration** believe the provisions of this proposal can be handled within current appropriations. However, should the extent of the work be more than anticipated, some boards may require an additional FTE and expenses, which would be requested through the appropriation process.

No direct fiscal impact to small businesses would be expected as a result of this proposal. Also, this legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
